

Autumn Term 2 Year 1 Curriculum Newsletter

Dear Parents/Carers,

The children have made an excellent start to their Key Stage 1 journey. We greatly appreciate your continued support with ILOs, reading, and spellings. Below, you will find an overview of the curriculum for Autumn Term 2.

Phonics

The children will be continuing their Phonics Shed journey through to Chapter 4, learning new graphemes and learn alternative pronunciations for these and existing graphemes when applicable e.g ee, ey, ea, ie e_e etc

English

Children will write a letter to Father Christmas, a Recount of a shared experience and learn and recite poetry related to Bonfire Night. Through each unit children will look at basic key features of the genre and have a heavy focus on finger spaces, full stops and capital letters.

Science

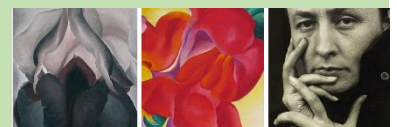

Everyday materials will be the focus this half term. Children will learn to distinguish between an object and the material from which it is made, identify and name a variety of everyday materials, including wood, plastic, glass, metal, water, and rock, describe the simple physical properties of a variety of everyday materials, compare and group together a variety of everyday materials on the basis of their simple physical properties and predict and test different materials.

PE

This half term in PE, the children will develop the Fundamental Movement Skills of catching and bouncing a ball with some accuracy and they will develop simple tactics in a game.

Art

In Art, children will be focusing on a 'collage' topic which will link to their work on Remembrance. Pupils will create images from a variety of media e.g. photocopies material, fabric, crepe paper, magazines etc; arrange and glue materials to different backgrounds, sort and group materials for different purposes e.g. colour texture, fold, crumple, tear and overlap papers, collect, sort, name match colours appropriate for an image, create and arrange shapes appropriately and create, select and use textured paper for an image. Georgia O'Keeffe will be the artist studied during this unit.

Maths

This term's focus will be on the following areas:

Addition and Subtraction

Children will continue their work on addition and subtraction. They will be introduced to parts and wholes, learn fact families for addition, write number sentences, know systematic number bonds within 10, add and take away and learn to subtract on a number line.

Shape

Pupils will learn to recognise and name 2-D and 3-D shapes, sort them according to their properties and create patterns using the shapes.

History

Children will focus on Remembrance during this History topic. They will learn what Remembrance is, why it is commemorated each year, learn the importance of cenotaphs, learn that soldiers from every part of the United Kingdom took part in the wars and learn about people from the local area that fought for the United Kingdom.

Music

This half term, pupils will develop their skills in Listening and Appraising, learning and building on knowledge and understanding of music by singing, playing instruments, improvisation and composition, followed by performing and sharing. Their sessions with the secondary specialist will be based around the Nativity songs.

RE

The children will continue with their Christianity unit and answer, why is Jesus special to Christians? Children will learn a simple version of the nativity story, talk about why Christians would say that Jesus is a special baby, discuss how different characters in the nativity welcome the baby Jesus, identify religious aspects of Christmas celebrations, talk about why Christmas is a special time for Christians, consider how and why babies might be special – and why they need love and care and talk about the importance of looking after those who cannot help themselves.

PSHE

This term, our PSHE curriculum will focus on important aspects of personal safety and respectful behaviour. Children will learn about situations when their body or feelings might be hurt and whom to go to for help. We'll discuss the importance of keeping certain things private, including parts of the body, and understanding different types of touch and how they make people feel, such as hugs, tickling, kisses, and punches. Children will also learn how to respond if being touched makes them feel uncomfortable or unsafe, and the importance of asking for permission before touching others. They will practice how to ask for and give or not give permission. Additionally, we will explore what kind and unkind behaviour means both in and out of school, and how such behaviour can affect others. Lessons will cover the meaning of respect, class rules, being polite, sharing, and taking turns. Through these lessons, we aim to foster a safe and respectful environment for all students.

Computing

Children will develop their understanding of a range of tools used for digital painting. They then use these tools to create their own digital paintings, while gaining inspiration from a range of artists' work. The unit concludes with learners considering their preferences when painting with and without the use of digital devices.

Seesaw

Seesaw is an app we use to track your child's learning. Unlike in EYFS, in KS1 children will log in individually and complete set 'assignments' and you will be able to see their work, marking, like and make a comment for your child to see your engagement.

Home Learning

- Read at home for 15-20 minutes every day
- Practise spellings (using Ed Shed and written method)
- Independent Learning Opportunities.

Dates for diaries:

28th October: INSET Day (children not in school)
30th October: Halloween Disco
8th November: Remembrance
w/c 11th November: Maths Week
15th November: Children in Need
2nd December: INSET Day (children not in school)
3rd December: Panto at The Grand
